The Bridge of DeVilbiss

Whether steel girders soar over miles of water, arch over mountain precipices, or span lazy streams; bridges connect that which nature left as barriers. Man's goal through the ages has been to erase barriers, to render chasms impotent, to weld the world into one, to make pathways for man wherever his curiosity may direct — even to the moon. But before these bridges can rise against the earth's horizon, there must be created bridges that cannot be seen, the bridges of knowledge. Man has realized that our schools are bridges of the mind, and that they connect the accumulated knowledge of the past with the hopes and plans of the future. A building which is a school is a stationary bridge in which blueprints are drawn to cross and conquer all of mankind's problems. For the above reasons we have chosen "The Bridge of DeVilbiss" as our theme in order to pay tribute and give praise to our school which has carried us over to our first destination. That is, it has opened to us the mysteries of the world in which we live and has given us encouragement that all these mysteries can be conquered by many and various bridges.

"Praise the bridges that carried you over."

DeVilbiss High School

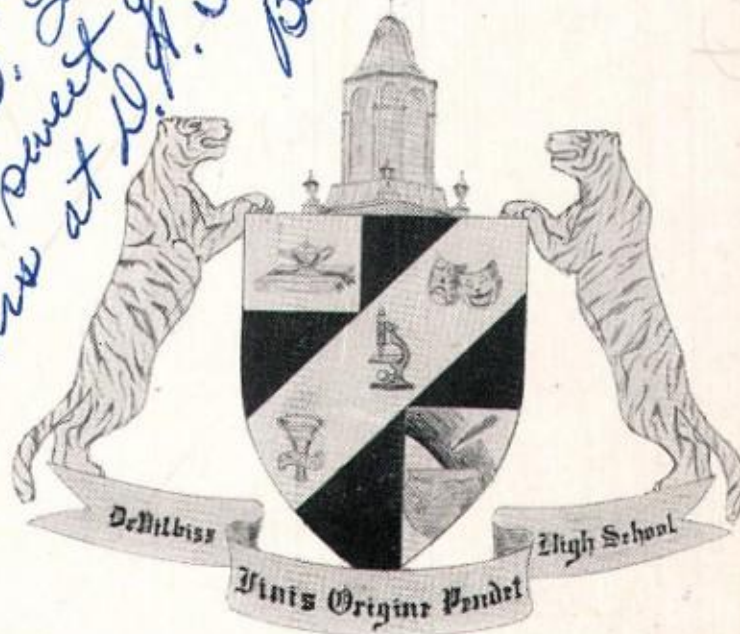

With its beautiful Colonial architecture and surrounding campus, DeVilbiss High School presents a majestic and inspiring sight to the citizens of Toledo. Although established over twenty-seven years ago, the school still retains its inward and outward beauty despite the nearly three decades of use. The widespread use of numerous shade trees beautifies the campus and affords students many opportunities to study in quiet and peaceful surroundings. DeVilbiss has two parking lots: one at the south end of the building for the use of the faculty; another on the north side of the school for the benefit of the students. At the west end of the

school is a magnificent stadium that seats ten-thousand spectators for football games and track meets.

Within the school, the red tile floors in the halls and the pale green walls provide a pleasant atmosphere for work and play for students and faculty alike. Along the walls are numerous paintings and murals done by the students themselves. DeVilbiss is one of the more fortunate schools in the area in having the use of two gymnasiums. The boys' gym has a balcony for sport fans to view top-notch athletic contests. Over all, DeVilbiss is a place of serene tranquillity, extending to all a welcome, and never a goodbye.

To Barb,
 Even though we

 we have known you

Faculty

Throughout the history of man, people with depth of imagination have taken knowledge and information from the greatest teacher, Nature, and have interpreted and presented it for man to use. We may think that the colorful rainbow was a bridge formed in the sky and reproduced by nature in massive rock which inspired man to copy. It may have been the busy spider which carefully and quickly cast silken strands across a small distance which suggested to man the soaring suspension bridge. No matter the start, we are certain that a teacher taught the greatest engineer the knowledge which he in turn used to conquer distances, and now to send the first strands of future bridges into outer space. Our teachers are a special group of men and women so dedicated to give unselfishly of their time and knowledge, to inspire, to guide, to judge and to help bridge the pitfalls so that youth may not be delayed or destroyed by them but cross to higher achievements.

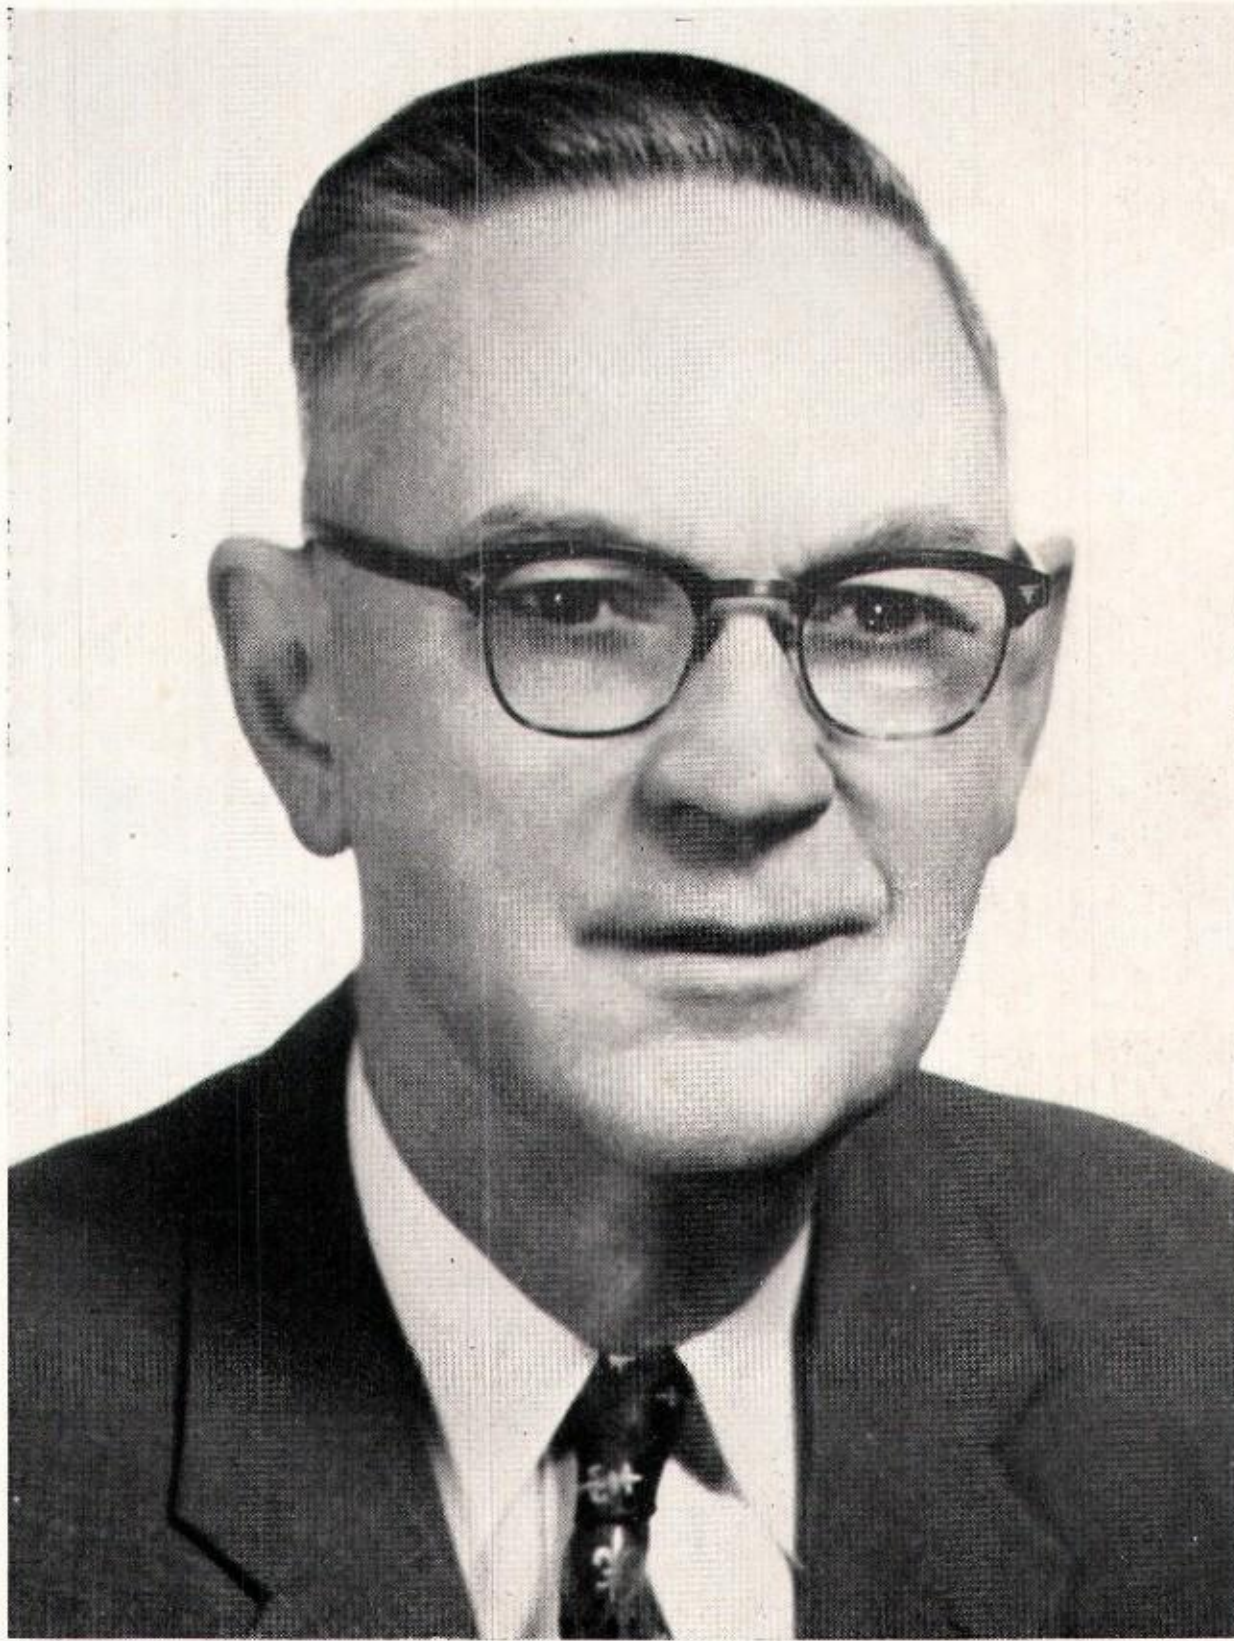

"This chasm that has been as naught to me,
To that fair-haired youth may a pitfall be,
He, too, must cross in the twilight dim,
Good friend, I am building this bridge for him."

Philo T. Dunsmore

Mr. Philo T. Dunsmore, Superintendent of Toledo City Schools, took over the duties of superintendent this year replacing Mr. E. L. Bowsher. Mr. Dunsmore is not new to the educational system, since he had been assistant superintendent in charge of elementary education before his promotion. Mr. Dunsmore is easily distinguished by his pleasing smile and cheery greeting. We wish Mr. Dunsmore many years of happiness in his new position.

Merritt C. Nauts

A versatile man, Mr. Merritt C. Nauts, our principal has served DeVilbiss faithfully for twenty-eight years. A friend to all, Mr. Nauts has kept the name of DeVilbiss on top. Always striving for perfection, Mr. Nauts often achieves the impossible through his tireless efforts. He has won a special place in everyone's heart.

Irvin C. Conrad

Because of his interest in our school, Mr. Conrad, Assistant Principal in charge of instruction and curriculum, has helped keep a high standard of scholastic achievement at DeVilbiss.

Robert E. Rettig

Mr. Rettig, Assistant Principal in charge of student activities, has become a vital part of DeVilbiss life. DeVilbiss will always be grateful to him for developing our fine extra-curricular program.

The photograph of the newly completed Mackinac Bridge stretching across miles of water, whose ending cannot be seen from this point, reminds us of our future and its lack of certainty. We have gathered the knowledge offered to us by our school and have tentatively chosen a career for our life's work. Now, we stand at the beginning of our bridge, but we cannot see its end from this point. Each of us will cross a slightly different bridge from anyone else in the class since each will build his own. We feel that we have already spun out the beginning threads through our interests and character. Those now weak threads will become strong lines of habit very difficult to break. The choice of the bridge is left to the student who must remember that once he has built his bridge and begun its crossing there is no turning back. Let us strive therefore, that each of our bridges will be as certain, as formidable, as substantial as that bridge pictured on the opposite page; and may acquire the respect and show the genius that has gone into its pattern of steel.

"First across the gulf we cast
Kite-borne threads, till lines are passed,
And habit builds the bridge at last!"

Experiments are all a part of chemistry. Here students in **Mr. Benson's** third hour chemistry class are conducting one.

All DeVilbiss students boarded busses to visit the exhibition of Eighteenth Century British paintings at the Toledo Museum of Art.

Miss Ethel Molnar and Mr. James Kilcorse, Sophomore Class Advisers, are discussing the sophomore dance while enjoying their lunch.

The sophomore class officers are (from L. to R.): Secretary, Sue Steele; Treasurer, Jim Gardner; President, Tom Heywood; Vice President, Sharon Siegel.

SOPHOMORES

The class of 1960 has already proved its ability in scholastic achievements by placing 83 students on the honor roll. Besides scholastic ability, the members of this class have shown their willingness to work as a well-organized group by planning and presenting their sophomore dance. The co-chairmen, George Grounds and Joan Spaulding, and the sophomore class officers; Tom Heywood, President; Sharon Siegel, Vice President; Jim Gardner, Treasurer; and Sue Steele, Secretary; have lent their untiring efforts toward successfully carrying out the theme of their dance.

These students, after working together all year, are ready to take up the leadership and responsibilities of becoming juniors — Good luck, upperclassmen!

Members of the bids committee are busily at work preparing for the sophomore dance.

The annual sophomore dance is supported by the whole school.

Miss Pasch and Mr. Brown, Freshman Class advisers, greet the new freshmen on the first day of school.

Mothers of freshmen consult with the teachers at the Freshman Mothers' Tea.

FRESHMEN

The class of '61 came to DeVilbiss this year as eager, excited, and bewildered freshmen. They entered high school ready to work hard and to make a name for themselves. These seven hundred new faces have left no doubt in anyone's mind of their abilities. Many have become active members of school organizations; others have

been given the opportunity to show their abilities by holding home room offices. Still others have enjoyed participating on commissions or on student council committees. Aside from all their extra-curricular activities, the "Frosh" have shown overwhelming enthusiasm scholastically and promise to be another outstanding class of DeVilbiss.

Planning their courses of study is the main program for the freshmen in the Orientation Classes.

Freshmen sign up for commissions, hoping to take part in student government.

Activities

As the bridge pictured, the road of life is an old and well trod path. The rustic covered bridge is symbolic of the previous generations that have constructed their bridges and then departed. After the passing of each group there must be new and active citizens to undertake the responsibilities. The many activities at DeVilbiss offer the student the opportunity to experiment with new ideas and then to form those ideas into policies. The Student Council through the years has changed to become an active and important organization entrusted with serious problems. Its members add something new every year to benefit the entire school. Similarly the Publications, Dramatics, Music groups, have changed with the times but have always maintained the outstanding qualities which bring honor and respect to DeVilbiss. Thus, school activities offer the student an apprenticeship for world activities which he must soon enter, and where there are so many bridges needed to be built.

"Here was a refuge from the sudden showers,
That swept like moving music field and wood,
And here cool, tunneled dark when sultry hours
Danced with white feet beyond the bridges hood."

National Honor Society

To be a member of the National Honor Society at DeVilbiss is an honor which is valued highly. In order to be appointed to membership in this organization a student must have achieved a high standing in scholarship as widened by his grades and good character shown by his attitude toward school work and in his relationship with others.

Two of the other honor societies at our school

are the Quill and Scroll whose members are students who have shown outstanding achievements in the field of journalism, and the Thespian Dramatic Honor Society which appoints its members from those who have taken part and shown great interest in the field of drama.

The purpose of these organizations is to honor those who have excelled in a particular field.

"The Remarkable Incident at Carson Corners."

The Senior Class presented a profoundly realistic drama in their choice of "The Remarkable Incident at Carson Corners". Directed by Mr. J. Norman Klee, the play was an outstanding success. The attention of

the audience was held from the moment the curtain rose till the end of the final act. The efforts of the cast and committee members were well rewarded by the enthusiasm of the audience.

Adviser

Devilttries of 1958

presents

"Hay Fever"

Karol Ludwig
General Chairman

The combined forces of over 400 DeVilbiss students under the direction of Karol Ludwig with Miss Elizabeth Papps as faculty adviser, presented the Devilttries of 1958.

When young people want something, they will find a way to get it. In this case, Gary and Judy Doyle and the other teen-agers of the small town of Middleberg want a recreation center. Although most of the townspeople are in favor of this, conservative Mr. Doyle, the most influential farmer in the area, is against it. Without the farmers' support, the recreation center could not be a reality.

About this time Gary Doyle wins a Future Farmers of America contest and receives a trip

to New York as his prize. He is to appear on the Gordon Drake Television Show. When he meets Mr. Drake, Gary discovers that Gordon is from Middleberg. As they are talking, Gordon suggests a way to raise the needed money. Despite the various problems, the greatest of which is Mr. Doyle, the teen-agers win.

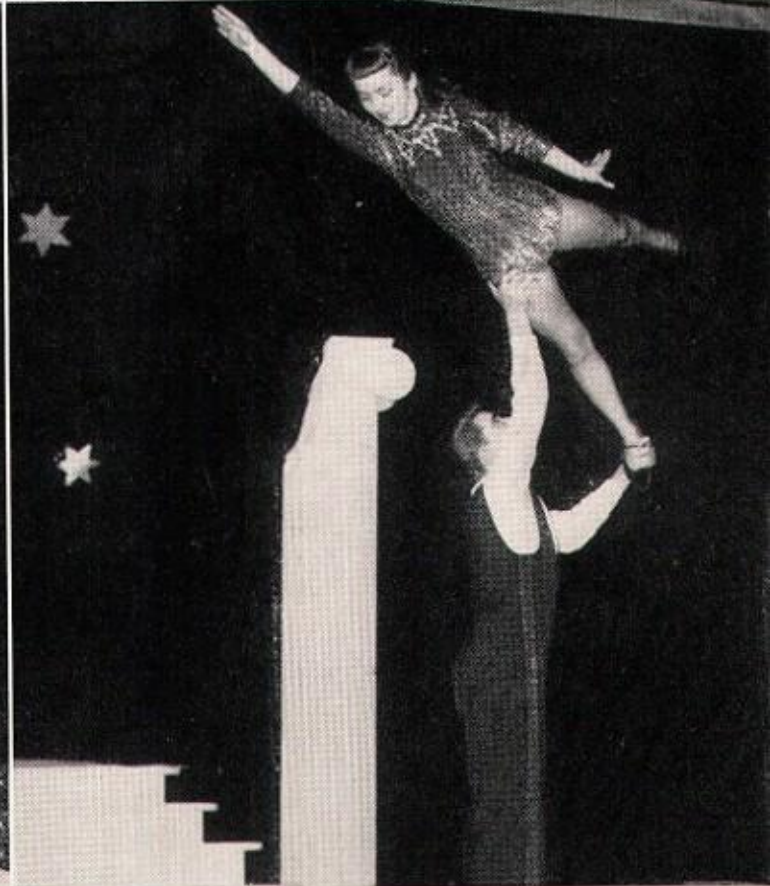

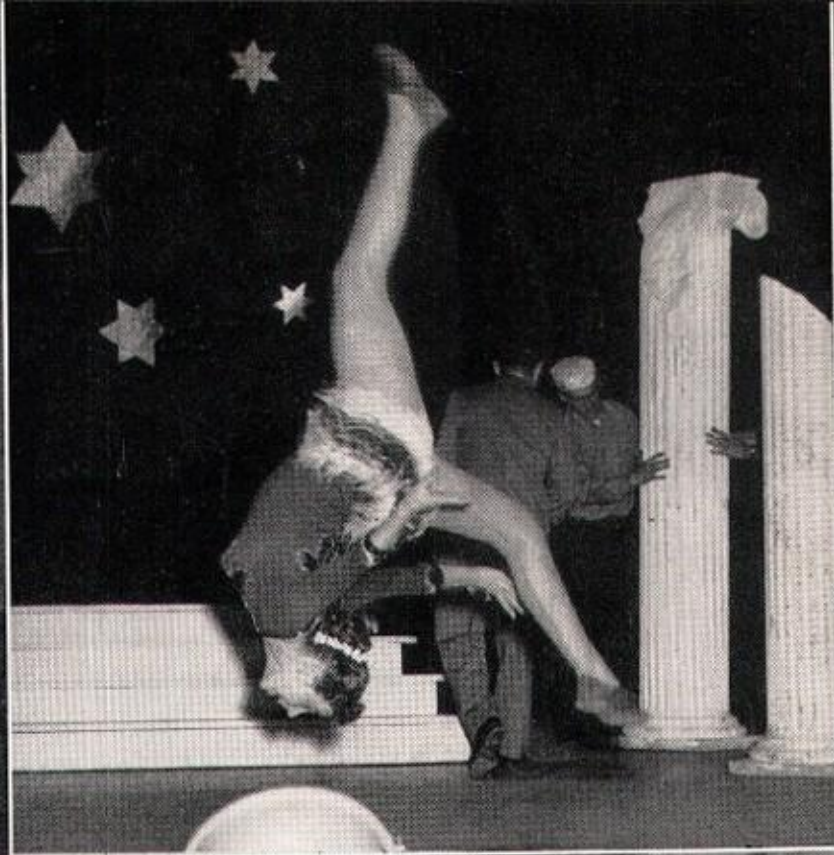

This was the story, told in two acts with a cast of seventy-five students and an outstanding pit band. Many months of hard work made possible the '58 DeVilttries but when the curtain fell on the last performance, everyone received the satisfaction of a job well done. Tears, and joys, happy times and friendships are all part of the annual production called Devilttries.

Pep Club and Cheerleaders

The Pep Club, although comparatively new, has done a wonderful job in promoting enthusiasm and sportsmanship at assemblies and at football games. Composed and organized by the cheerleaders, it can be easily seen why they have accomplished so much toward their goal. The name "pep" can be used to describe the girls quite well. Their vitality and exuberant personalities radiate and release the enthusiasm of the spectators along with them. The Pep Club and Cheerleaders have certainly done their share to make DeVilbiss a better and stronger spirited school.

A Cappella Choir

J. Philip Zaugg

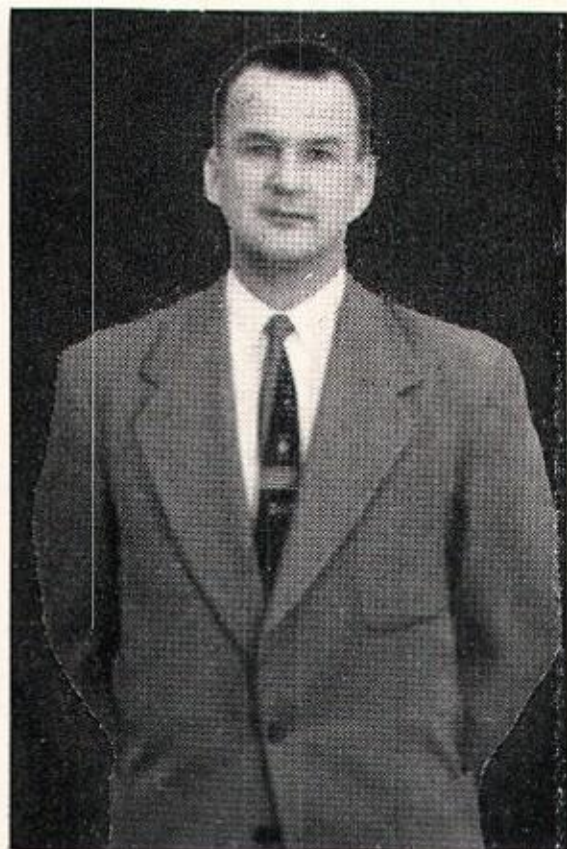

DeVilbiss is justly proud of its choral groups. The A Capella choir once again presented its impressive winter and spring concerts. They also sang at the Toledo Art Museum and at the Baccalaureate services. The Boys Chorus, newly organized this year, gave a fine performance to an appreciative audience. The Girls Chorus has become a necessary part of the musical program and is always enjoyed. This year as in the past, Mr. Phillip Zaugg has been an important member of our school. He has encouraged music among the student body, and presented excellent programs with the A Cappella Choir and the Girls and Boys Chorus. We thank Mr. Zaugg, for without his ability, our school would be greatly lacking.

MEMBERS IN ORCHESTRA: Linda Ames, Karin Anderson, Connie Arnos, Gary Bernard, Melody Bly, Carol Boroughf, Mary Burt, Margie Cappi, Charles Carnahan, Lynn Chuckovits, Carolyn Debs, Diane Dixon, Jane Fornoff, Genette Foster, Peter Froehlich, Allen Goldman, Patricia Greene, Fred Hannes, Dave

Orchestra

Jack Tongring

DeVilbiss' orchestra and band are a credit to the school and its spirit. During the football mass meetings, it was the band that kept the enthusiasm running high in the student body and the players. In the spring, the band and orchestra give a combined performance. This is the Spring Concert, which receives high praise from all those who attend. Over the years, Mr. Jack Tongring has done an excellent job as our DeVilbiss band and orchestra director. His musical ability, friendly personality, and willingness to help the pupils, make him a favorite among both the faculty and student body. We are all looking forward to next year when Mr. Tongring will again lead our band and orchestra through a successful year.

Organizations

To the clubs of our school belongs the credit for the many good and often outstanding deeds that are performed. The student soon realizes the numerous ways he can benefit from active participation in clubs and he has a wide variety from which to choose. There are the service clubs whose only objective is deeds for others; social clubs that are powerful supporters of school social functions; literary societies formed by individuals seeking a knowledge of the works of the great masters; and special interest groups for those in specific fields. The quality that is stressed, however, is service to the school and the community. Through their many service projects they bring better understanding between the school and the community. As the Ambassador Bridge is concrete proof that unity and trust can exist between nations, so the organizations serve as ambassadors of good will. As the bridge connects two different nations, therefore, connecting peoples of divergent views so the clubs bridge differences in character, background, social customs, among the members and produce working organizations united in a common cause.

"The youth gets together his
materials to build a bridge
to the moon . . ."

Forum

The Forum Literary Society has been a very popular club at DeVilbiss since it was chartered in 1953. Its purpose as stated in the constitution is to promote a greater interest in the literary arts. The members of Forum went to Ann Arbor, Michigan, as a group to hear the "Messiah", which was greatly enjoyed. As a service project they collected old books and sent them to an orphanage. At their meetings the boys gave book reports and played records from famous operas and symphonies. Also at the meetings they invited their

fathers to speak on their occupations. The boys in Forum gave a dance early in the spring with the Q.D.'s. They had a beach party in May, and they honored their mothers with a tea. They also had a Christmas party, a Stag party for their Alumni, and a hay ride in the fall. The Forum Literary Society won the award for the best literary club in 1955. This organization has created lasting friendships and has made the boys aware of the enjoyment to be had from literary ventures.

Quill and Dagger

The purpose of the Quill and Dagger Literary Society has succeeded in giving its members the opportunity to broaden their prospective in the field of literature. The closeness and fellowship of the group has helped them undertake their many projects and social events. Some of their projects for this year included ushering at the Senior Play, their annual New Year's Eve dance with Senior Sorelles, a Hayride for the new members, and several parties following the basketball

games. At Christmastime the Q.D.'s prepared a Christmas dinner for a needy family. During the holiday season, the boys had a Christmas party with the Debutantes Social Club. There were book reports given at every meeting, and these boys won the intra-mural basketball championship. Q.D.'s has enabled its members to develop interest and friendships which will last for many years.

I-Da-Ka

Although the I-Da-Ka Service Club has been in existence for only a little over a year, they have performed many projects for their school and community. Their main goal is to promote closer friendships among the members. In September, they supplied the bewildered freshmen with maps of the school. The club members served as hostesses on B.I.E. Day, and they were assistants to the League of Women Voters on election day. These girls helped to tidy up our school by clean-

ing the girls restrooms. On the social scene they held a Spring Dance, a Mother's Tea, a Thanksgiving Day breakfast, a Christmas Party, and a private formal induction and slumber party for their new members. In the spring they also had a turn-about party and the girls found it a lot of fun to switch places with their dates. To become a member, a girl must maintain at least a "C" average in all her subjects and have a sincere interest in performing services for the benefit of others.

orphans were given colorful favors to place on their trays. Vo-ee-theians also held many social functions. In the beginning of the year, they held a roast to renew friendships and plan their coming projects. An annual event is the informal and formal inductions. Last fall these eighteen ambitious fellows donated their time and efforts by cleaning up the alley which runs behind our football stadium. The purpose of Sophomore Hi-Y is "to create, maintain,

and extend throughout the school, home, and community a high standard of Christian living." At their weekly Tuesday meetings, the members enjoy various films, different programs, and several interesting guest speakers. As a money raising project they assisted in the selling of Christmas trees at the Y.M.C.A. Every month one or more of the girls presents a literary program based on a foreign country. A bus trip to Detroit is one of the highlights of the year. While there, the girls attend one of the popular plays or movies being shown. Pericles' "Book of the Week" can be seen on the bul-

letin board in the main hall. It gives a short summary on many of the current best-sellers. Occasionally on Sunday afternoons, the girls meet and record stories or plays. During this past year the Zetaethean Literary Society has not only maintained its previous high standard but has continually advanced to keep its position among the other literary groups at DeVilbiss. Promoting the understanding of literary material and the furthering of good fellowship are the goals of Zetaetheans. Their literary work consisted of a tour through the Toledo Public Library, attending plays at the Paramount Theater and the Little Repertoire Theater, and seeing for-

eign films. They also had various speakers present at their meetings. In serving others, the girls adopted a family for Thanksgiving and Christmas, and made stuffed dolls for the Day Nursery. Zetaetheans was chosen the outstanding literary club in 1953 and 1954, and they received the service project award in 1957. This club has done a fine job of furthering interest in literature and promoting good will to others.

Junior Sorelles

Other projects performed by the Charlemos Club were a white elephant sale, and a splash party with Los Gauchos, at the Y.M.C.A. A bake sale was held in November and a needy family was furnished with a food basket for Christmas. In 1955, Charlemos received the reward for the outstanding special interest club of DeVilbiss. Future Teachers

DeVilbiss has long been proud of the fine contributions of the Future Teachers of America Club and its promotion of teaching as a career. The twenty-seven members who are the instructors of the future have just completed another busy year. They have visited grade schools and have entertained speakers whose topic was education. They listened to an interesting panel from Bowling Green State University about teaching and received some vital experiences when they helped nearby grade school teachers with their duties. The club enables its members to study and identify the qualities, traits, and aptitudes which are basic to successful teaching. This organization has rewarded its members by helping them to understand the qualifications needed in teaching and has promoted interest in the field of education.

Stamp and Coin Club

The DeVilbiss Stamp and Coin Club has played a very important role in furthering education in the fields of stamp and coin collections. Every meeting promises something new, making them of more interest and surprise to all the members. One week there might be an interesting and up-to-date film dealing with the subject, while the next meeting might feature a distinguished speaker well trained in his field. There are, also, monthly auctions where the members bid for various stamps and coins and many times there are parties, such as the one at Christmas. The collectors prepared an interesting Christmas exhibit for our DeVilbiss library. Any student interested in stamp and coin collection is eligible for membership in this worthwhile special interest club.

Senior Sorelles

Senior Sorelles has done a fine job promoting the social functions of the school. Since it was chartered in 1940 this organization has fostered better relationships among its members. Some of their projects for this year included an annual New Year's Eve dance with Q.D.'s, an alumni tea at Christmas, a progressive dinner, a square dance, and a slumber party after a basketball game. They had a splash party in May, a treasure hunt and a jitney supper in the fall, and a turn-about party in March. As a money making project, the girls sold donuts after school. Senior Sorelles went as a group to see Louis Armstrong. The members of Senior Sorelles took great pride in presenting a few wise words after the announcements each morning over the P.A. This organization has helped its members to have fun together and has promoted and developed lasting friendships among the girls.

Sub-Debs

The members of the Sub-Debs Social Club have had a very active schedule this year. Since the purpose of this organization is to be social and to have fun together the girls planned their program accordingly. The program was planned at the beginning of the school year and contained at least one social project or service project each month. In September, the members of Sub-Debs got together for a corn roast at Ottawa Park which was followed by a treasure hunt. The activities for November included a formal induction for the new members, and a white elephant sale. Also there was a bowling party, and a pizza party. They had an ice skating party, a scavenger hunt and these girls also collected old comics and scrapbooks which they donated to the Opportunity Home and they went caroling at the Old Folks' Home during the holiday season. Sub-Debs has helped its members to become better acquainted and helped them to work and have fun together.

Equestriennes

Developing a further understanding of horses and horsemanship is the motto and purpose of the Equestrienne Riding Club of DeVilbiss. A student must have a sincere interest in horses and also a "C" grade average or better to apply for membership in this organization. The big event of the year is the open horse show which is held in May. In preparation for this, demonstration rides are held for the different children's organizations. Other projects performed this year were their annual spring clean-up, an early breakfast followed by a ride, a trail ride, and a speaker well versed on the fundamentals and history of riding. To serve the community, Equestriennes gave a Christmas basket and clothing to a needy family. In keeping with the social whirl, the girls had a Christmas party and two jitney dinners. Not only has it taught its members better horsemanship and promoted friendship but it has also given them a greater sense of sportsmanship and fair play.

Astronomy Club

The DeVilbiss Astronomy Club has been an active organization in school life here for several years. The year's program has included several interesting lectures by the members on various scientific subjects. They have also seen several movies pertaining to the field of astronomy and science. The fifty members have ground and mounted telescope mirrors for their own use and these same active members have also collected tax stamps for a needy charity. They went to visit the Chicago Planetarium as a group. Last year, this educational organization received the award for the best special interest club at DeVilbiss. Any Freshman, Sophomore, Junior, or Senior boy with a sincere interest in science and a willingness to work is eligible for membership in this outstanding group. The DeVilbiss Astronomy Club has helped its members by giving them a means of cultural expression in the scientific field.

Future Nurses

To encourage girls to enter the nursing profession is the purpose of the Future Nurses Club of DeVilbiss. The members took several tours of the city hospitals, wrote to their "secret pals" at the Old Folks Home and, in general, did a great deal of volunteer work at the various institutions of the city. These girls found time to spend with the orphans at the Maumee Valley Hospital. To further community interest in the field of nursing, the Future Nurses contributed twenty-five dollars toward a nurses training course. Also, on the program this year was the preparation of candies and favors for the residents of the Old Folks Home, and a talent show was given by the members at the Ohio State Hospital. To belong to this DeVilbiss organization one must have a "C" average, possess a sincere interest in nursing, and a willingness to work.

La Alianza

To promote interest in the Spanish-speaking nations is the purpose of the La Alianza Spanish Club. One of La Alianza's projects this year was a roast which they held to acquaint the new and the old members. The club donated money toward the publication of pamphlets to avoid illiteracy. They also donated a large amount of money to the CARE fund. Speakers were present at many of their meetings to familiarize them with the Spanish nations. La Alianza celebrated its 10th anniversary at DeVilbiss with a pot-luck dinner at which they served only Spanish foods. When Spanish plays, dances, and concerts come to Toledo the members are eager to attend them. This organization won the award for the best special interest club several times. Another interesting fact about this club is that the meetings and inductions are conducted entirely in Spanish. Through this club, the members have learned to understand more about the people and customs of the Spanish-speaking nations.

To supplement their information, films, reports, and music are tied in with the country. A lecture tour of the Sao Paulo Collection at the Museum of Art was interesting for all the members. A subscription to "Las Americas" and a volume of instruction records for "El Camino Real" were given to the school's Spanish department. The social season held a splash party and a Christmas party with Charlemos. Los Gauchos has enriched the members' knowledge in music, history, and folklore of the Spanish culture.

Any instrumentalist or vocalist of good character is eligible for membership in this enthusiastic musical group. The Sharps and Flats organization has its own musical troupe which entertains at meetings, school functions and community activities. The Sharps and Flats members were seen at the Roger William's concert, in November, and at several of the many Peristyle concerts. During the Christmas season they held a party which was preceded by the traditional caroling. Each member has certainly improved by participation at the meetings, where he was heard with interest.

Athletics

As we study the picture of the new Craig Memorial Bridge we can describe it as patterns etched on fertile ground admitting progress to the future. The labor of countless men united with chains bind parts into whole which earns the praise. The athletes try to be the winners, the pride getters, the publicity carriers, the reputation builders and the stress of notice is upon them. Notice the bridge with its various entrances and exits and consider that the plan is lost if even one of the lanes is lost for without the whole there is nothing but failure. The athletes best know the strength of unity, the solidarity of oneness, and the joy of teamwork. As that bridge represents the toil of many men so do our victories and defeats show the oneness of organization. They **are** the athletes, but let us not remember them by the games they won or the valiant efforts they made as they lost, but let us think of them as parts of a gigantic whole exhibiting the joint efforts of many and linked to a planned end.

"Together linked by adamantine chains."

STATE CHAMPIONS! Culminating one of the toughest schedules in DeVilbiss football history with an eleven win and no loss record, the Tigers were rewarded with a ranking of first place in the state. The future state champs opened the season with a resounding 26-0 win over a strong Central squad. This was the most highly publicized game during the City League season and attracted over 10,000 screaming fans to fill Page Stadium to overflowing. DeVilbiss then won its next three games against out of town foes by totaling 113 points and holding opponents to two lone touchdowns. Going into the Waite game with a ranking of fifth in the state, the Tigers defeated last year's city-champions with a 20-0 score before a crowd

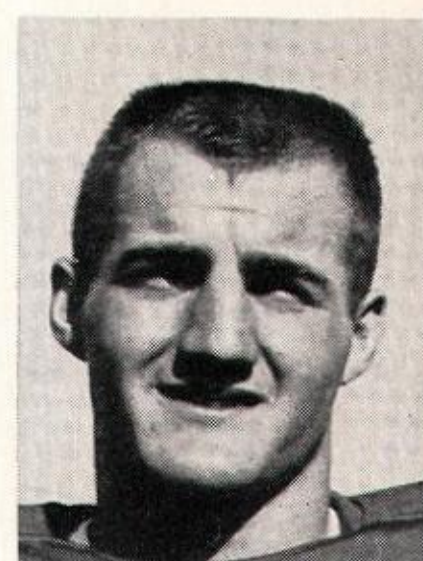

of 6,800. The Tiger eleven then visited Scott's stadium where they capitalized on numerous Scott fumbles and errors to come out on top by a 33-6 score. The state's top team then took their seventh and eighth straight games by downing Lima, 32-0 and Dayton, 47-0. Playing under the worst possible weather conditions, Hilton Murphy's boys squeezed by a stubborn Macomber team by a 12-7 count. The Tigers then journeyed to Cleveland to play one of the state's top teams. DeVilbiss' overall bench strength helped the Tigers to win 19-14. In the annual Thanksgiving day game with Libbey, the Bengals overpowered the south-side eleven 13-7 to finish their season undefeated.

Larry, a 139 pound senior, is a graduate of Nathan Hale Grade School. This was his second year with the varsity as defensive linebacker. Though Larry is small for football, he more than makes up for his stature through sheer determination.

A lot of activity here but everyone ignores the ball.

Buzz Mewhort gets blocked out of the play this time by a Woodward defender.

Basketball

Under the fine leadership of Coach Tom Inman, the varsity basketball team of 1957-58 finished a strong third in the City League. Although the team was dominated by the presence of senior Buzz Mewhort, outstanding teamwork and an able bench helped the Tigers win many games. The Tigers played one of the toughest schedules in many years with five games being against three of the state's top eleven teams. Because of the brilliant defense tactics of Don Spohler backed up by the shooting abilities of Buzz Mewhort, Mel Shapiro, and Jim Mack, the team won ten games during the year. Buzz Mewhort set many records during his three years on the first string varsity team. Among them were the following: most total points for three years competition (1049); highest single game score (43); most total points for one season of play (480); all-city first team two years; all-state first team one year. Buzz also won the honor of being selected to play in the North-South All Star game with many of the state's top players.

Baseball

Under the direction of the coach, Norm Kies, the Tigers last year finished in a tie with Waite for first place. They were led by a fine pitching staff headed by Bob Polyosko, Bob Myers, and Dave Cobb. The infield was well taken care of by Lynn Gauthier at third, Dave Cassavar at shortstop, Bob Willford at second base, and Ron McDole

covering first base. Bob Haydu was the top batter for the Tigers throughout the year. Bob was rewarded for his efforts by winning a try-out with the Detroit Tigers at their spring training camp. The team as a whole was very well balanced and no one person stood out above the others.

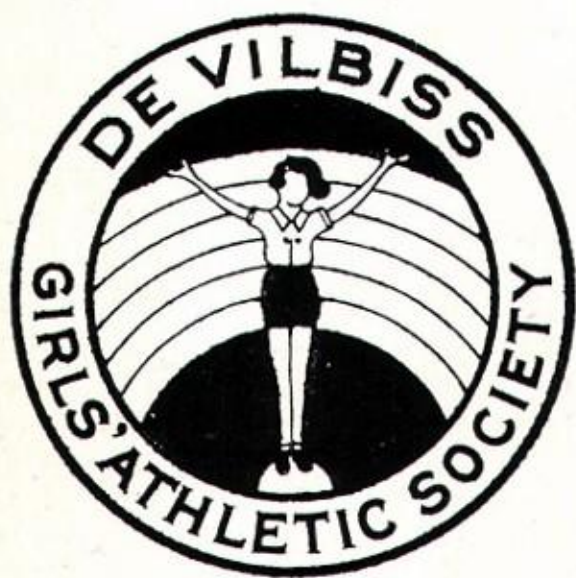

Norm Kies

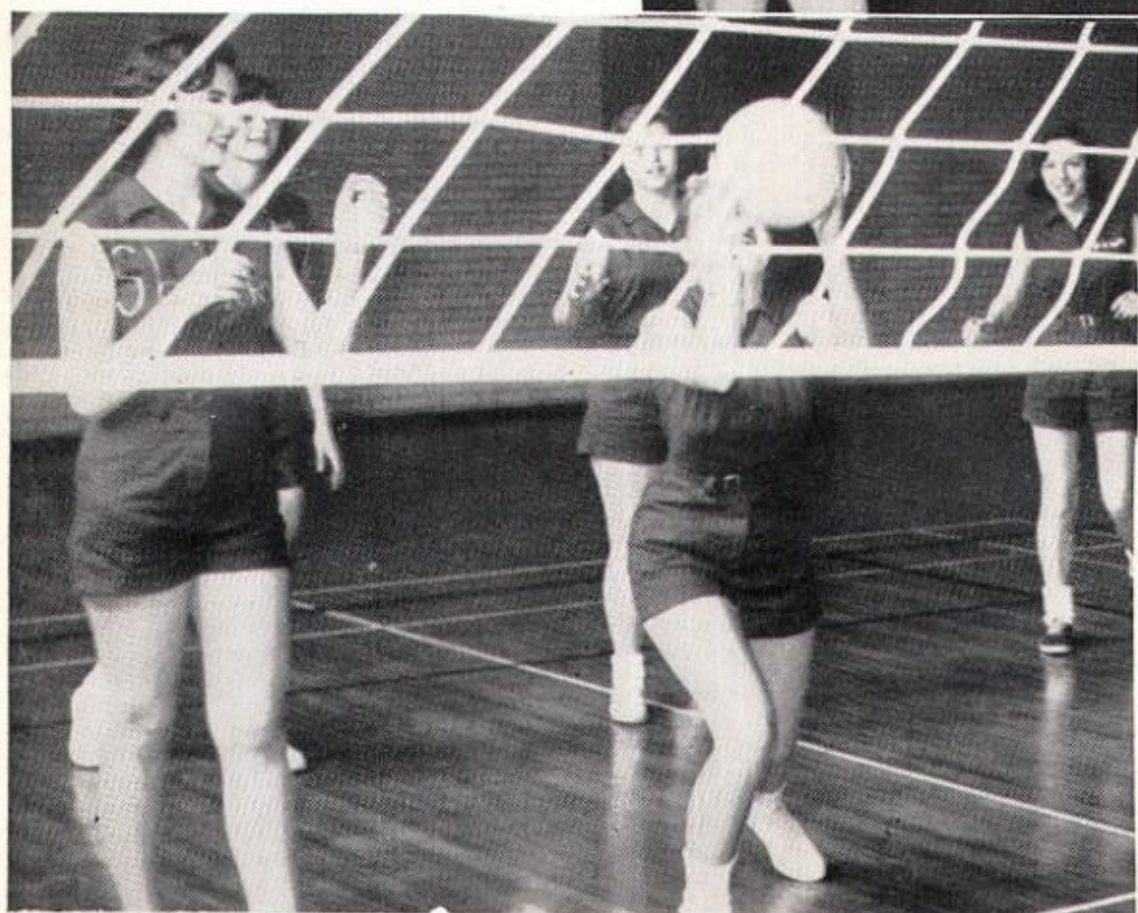

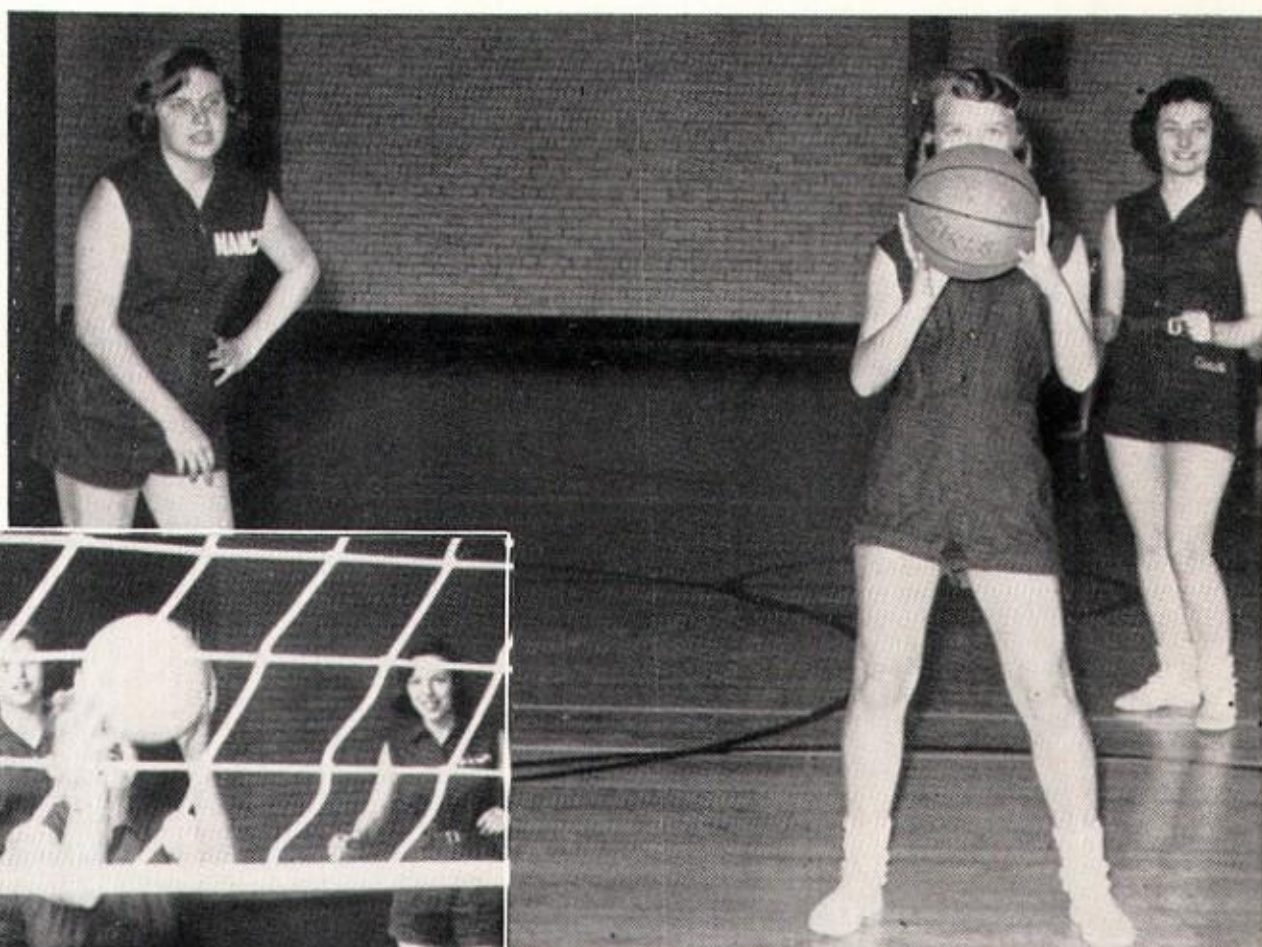

Coach Norman Kies led DeVilbiss to an outstanding season. Mr. Kies is a well qualified athlete, having once played professional baseball with the New York Yankees. His ability to handle boys and develop their potentials is what makes him a respected and well liked coach. We are all depending on Mr. Kies to bring us many winning teams in the future.

**Glass
Has Made
A Difference**

Now is the time to reflect upon the "good ole' days" in school—the many friends, your favorite teachers, sports and dances and parties. But when looking at today's school architecture, we think you'll agree that glass *has* made a difference!

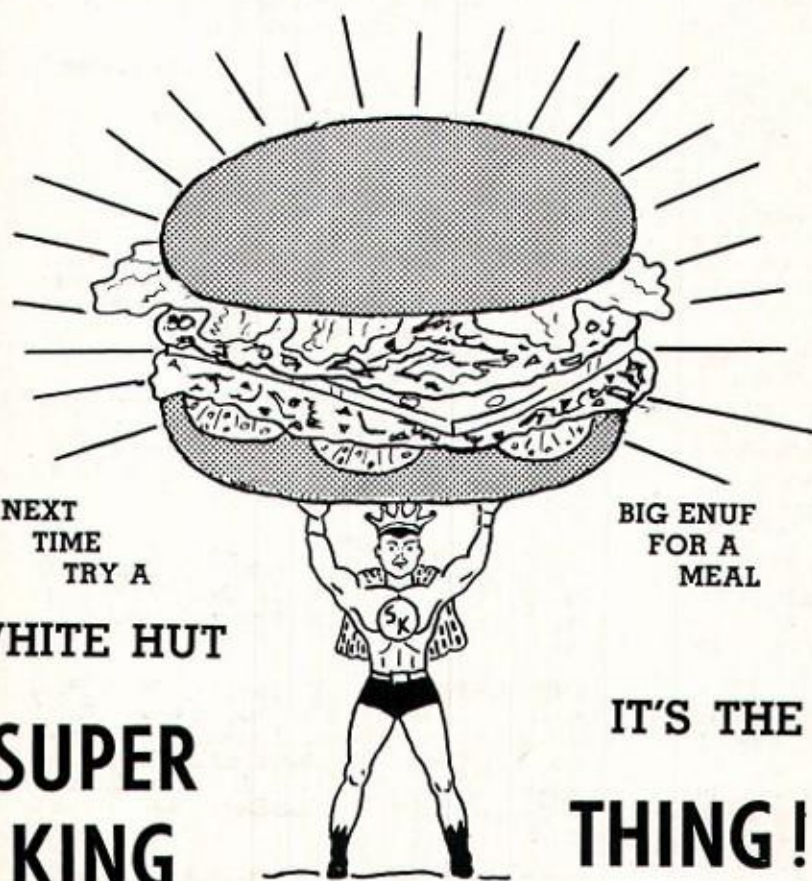

Here's picture-proof that school corridors don't have to be dark and dreary tunnels. No longer must walls be solid and opaque. Today, more attention is being paid to daylight and view.

When reflecting upon the advantages of this glass age, we think you'll agree that the "good *new* days" are better.

This You Can Depend On . . .

In whatever line of endeavor you engage — business or industry, the professions, science — you will use **more** electricity to do **more** things easier, better, cheaper.

And this, too, you can depend on: business-managed, investor-owned electric companies like Toledo Edison will continue to plan and build ahead so you can LIVE BETTER, ELECTRICALLY.

Barb,
To a sweet
girl who I've known
for a long time but
will never be able to figure
out. Hope to see you and hear
from you this winter. Do hope you
enjoy your last two years in high school
and get good grades. Don't know weather (whether)
will see you next summer. Can't know of a job. Hope to
see you again soon.

Compliments
Love ya,
Susie B.

Dear Barb,

When I first
moved here, I just didn't
know about making friends, well
shortly after I knew that a girl
lived behind me. Since then I
think we've gotten to know one
another real well. I hope we'll keep
on being such close friends thru our
lives. I don't know quite what to
say. But Good luck always and
God be with you. To a real sweet
girl with a darling personality. Stay
just as sweet, as you are, Barb.

Love fl
Kangie Cappel
